Article Written By:
Mr. Sushil Goyal
Chairman
Gurpreet Holy Heart School,
Mehal Kalan

A believer in the above quote, Mr. Sushil Goyal is one of the highly renowned businessmen & social workers of Barnala. Being a businessman, he did not have any link in the education field. But always believed that education is the most important aspect of growth & educated population solves many problems. With this mission, Mr. Sushil Goyal started a charitable organization ‘Barnala Welfare Club’ which aimed to donate free

books, notebooks & clothes to underprivileged children. Along with it, under his able guidance, many free medical checkup camps for the poor & needy people were also organized. Very soon, he decided to start an educational institution with the vision to provide an international learning experience to the students of rural areas while preserving our core Indian values. To turn his dream into reality, luckily he got a chance to take over Gurpreet Holy Heart Public School, Mehal Kalan in 2011. At that time, this school was lagging in the educational field. This school was like a withered plant. But with his vision, dedication & hard work, he made it a thriving-fruitful tree. Presently G. Holy Heart Public School, Mehal Kalan - The school with

futuristic education is not only catering to the educational needs of rural students but also providing excellent technical & Skill based education along with national-level sports facilities. He further has taken the initiative to move ahead of times by working on World Class Infrastructure & Facilities in G. Holy Heart Public School like a Fully AC School building, New Benches, Inviting & interesting classroom ambiance with tiles flooring, newly painted appealing walls with modern style wallpapers, Aesthetically Charted School Gate, Solar Power Plant; An initiative for being Eco-Friendly & Sustainable Management School. Train for Fun & Entertainment of tiny tots & last but not least LED Van for displaying an aura of our school. With this excellent infrastructure and modern facilities, he aims to give all the students an environment in which they can unleash their potential to the

fullest. Taking his mission to the next level & to provide education to the students of slum areas, he opened a school for underprivileged students in Barnala - Ek Koshish, Ek School, in which many students got an education. Free Books, notebooks, uniforms, and shoes were provided to these children. With all these efforts, these children became interested in studies & later they were admitted to Government schools. So that after getting a formal education, they may build their future. Under his able guidance & Futuristic approach, in November 2019, Gurpreet Holy Heart Public School was awarded “Best School of the Year” in Punjab. He is always ready for tireless efforts for the growth & development of our society. His ultimate aim is to groom each & everything a child of our society as a well-mannered, techno-savvy, flawless, zealous, responsible & victorious citizen of India.
