Campus Life

About CT Group

Pioneering Education from Pre-Nursery to Ph.D

The CT Educational Society, established in 1997 by the visionary S. Charanjit Singh Channi, stands as a beacon of educational excellence, emphasizing holistic development from Pre-Nursery to Ph.D. Over the years, the Society has transformed into a vibrant educational ecosystem, catering to 18,000+ students from 40+ countries and 28 states, with a legacy of 1.5 Lakh+ alumni and more than 700+ faculty members in One World Class University, CT Group of Institutions (North Campus & South Campus), CT Public School & CT World School

Timeline of Growth and Achievements

1997

Establishment of CT Public School, the Society's first educational venture, aimed at providing holistic education to students from diverse backgrounds. The school has since earned prestigious awards such as the British Council International School Award (2015) and the FAP State Award for Best Infrastructure (2021).

2001

Expansion with the founding of CT Group of Institutions at Maqsudan, Jalandhar (Punjab), offering a range of academic programs and fostering a culture of excellence.

2016

A landmark year with the establishment of CT University (CTU) and CT World School. CTU aligns with the National Education Policy (NEP) 2020 and houses specialized facilities like the Robotics and Automation Lab and BOSCH Lab. CT World School further extended the Society's commitment to K-12 education.

2004

Inauguration of the CT Group of Institutions in Shahpur, which has grown into a mega-campus featuring modern classrooms, comfortable hostels, a micro forest, sports grounds, and a world-class auditorium.

CT Group of Institutions

North Campus, Maqsudan, Jalandhar

CT Group of Institutions, North Campus, Maqsudan is a NAAC-accredited premier educational hub committed to academic excellence, industry-integrated learning, and holistic student development. With state-of-the-art facilities, globally aligned programs, and a strong placement record, we prepare students to become future-ready professionals and leaders.

Vision & Mission

- To be a leading Institution in providing quality education that prepares students to be responsible citizens.

Vision

- Be global recognized university offering experiential education.
- Empower learners with knowledge, skills, and core values.
- Nurture academics-driven research, intellectual curiosity, and social responsibility

Mission
